

The Mixrite mineral range now includes Hydroxy minerals! A new mineral form with proven benefits in the field.

Intakes of mineral buckets with Hydroxy minerals are consistently improved over those using conventional ingredients giving you peace of mind that your animals are covered.

Hydroxy minerals also are better utilised by your animals with trials showing improved copper levels in the blood and most importantly the liver, when compared with conventional sources.

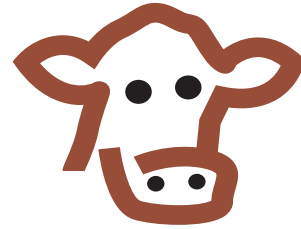

MIKRITE

The Right Science - The Right Mix

Pre-calver

- 15% protected Copper and 5% protected Zinc
- Prepare for calving with Mixrite Precalver

Copper mg/kg	Cobalt mg/kg	Iodine mg/kg	Zinc mg/kg	Selenium mg/kg	Manganese mg/kg	Hydroxy Copper mg/kg	Hydroxy Zinc mg/kg
2730	80	500	5675	48	1000	330	175

Fertility

- 15% protected Copper and 5% protected Zinc
- With 3% Phosphorus to help balance your cow's requirements'
- Keep your cows in top reproductive condition with Mixrite Fertility

Copper mg/kg	Cobalt mg/kg	Iodine mg/kg	Zinc mg/kg	Selenium mg/kg	Manganese mg/kg	Hydroxy Copper mg/kg	Hydroxy Zinc mg/kg
2330	80	500	4250	48	1000	330	175

High Mag

- 15% protected Copper and 5% protected Zinc
- Protect your herd from grass tetany with Mixrite High Mag
- Contains 15% Magnesium

Copper mg/kg	Cobalt mg/kg	Iodine mg/kg	Zinc mg/kg	Selenium mg/kg	Manganese mg/kg	Hydroxy Copper mg/kg	Hydroxy Zinc mg/kg
2050	80	200	3675	35	2500	330	175

Sweet Mag

- 5% protected Zinc.
- Protect your Cattle and Sheep from grass tetany with Mixrite Sweet Mag
- Contains 15% Magnesium

Copper mg/kg	Cobalt mg/kg	Iodine mg/kg	Zinc mg/kg	Selenium mg/kg	Manganese mg/kg	Hydroxy Copper mg/kg	Hydroxy Zinc mg/kg
-	80	200	3675	35	2500	330	175

Sheep

- 5% protected Zinc.
- Cover your flock for mineral deficiencies with Mixrite Sheep
- Contains 3% Phos

Copper mg/kg	Cobalt mg/kg	Iodine mg/kg	Zinc mg/kg	Selenium mg/kg	Manganese mg/kg	Hydroxy Copper mg/kg	Hydroxy Zinc mg/kg
-	80	200	3675	35	2500	-	175

Calf/Beef

- 15% protected Copper and 5% protected Zinc
- Cover your herd for mineral deficiencies with Mixrite Calf/Beef

Copper mg/kg	Cobalt mg/kg	Iodine mg/kg	Zinc mg/kg	Selenium mg/kg	Manganese mg/kg	Hydroxy Copper mg/kg	Hydroxy Zinc mg/kg
